AT A GLANCE

Cold Brew and Cold Espresso

Cold Brew in under three minutes, crema-topped Cold Espresso in under two.

Impress™ Puck System

Intelligent dosing, assisted 10kg tamping and auto-correction of the next dose.

ThermoJet® heating system

Reaches optimum extraction temperature in three seconds from cold.

Guided touchscreen

Swipe through eight café presets or customise up to eight drinks of your own.

Showroom & Experience Center: Asmawi Building, Umm Al Sheif, Sheikh Zayed Road, Dubai, UAE
Near Equiti Metro Station | Emporium Star General Trading LLC

BARISTA GUIDANCE, STEP BY STEP

Step-by-step guidance with real-time feedback walks you through the Impress™ Puck System, precise extraction and hands-free microfoam. Now with pre-programmed cold café favourites including Cold Brew and Cold Espresso, all powered by the ThermoJet® heating system that reaches temperature in three seconds and uses up to 32% less energy than a Thermoblock.

Built for the way people actually make coffee at home — guided, quick and repeatable.

- **Third wave specialty coffee at home**

Built around the 4 keys formula used in professional cafés: the right dose of freshly ground beans, precise temperature control, optimal water pressure and true microfoam milk for latte art.

- **Cold Brew and Cold Espresso**

Extracting at lower temperatures softens acidic notes for a lighter, smoother profile. Cold Brew finishes in under three minutes and Cold Espresso, crema and all, in just under two.

- **Impress™ Puck System — less mess, less fuss**

Intelligent dosing, assisted 10kg tamping and automatic correction of the next dose, finished with a 7° barista twist for an even, repeatable puck every time.

- **Auto MilQ™ with alternative milk settings**

Hands-free silky microfoam with settings optimised for dairy, soy, almond and oat, adjustable from 40°C to 75°C across eight texture levels.

- **Baratza® burrs with 30 grind settings**

An integrated hardened steel conical burr grinder with dose control delivers exactly the right amount of coffee on demand, at a single touch.

Cold coffee at the touch of a button

Cold Brew and Cold Espresso, pre-programmed. Try both in our Sheikh Zayed Road experience centre.

COLD EXTRACTION

Cold Brew

Extracted cold in under three minutes. Low acidity, light and smooth — built for ice.

Cold Espresso

A chilled shot with a proper crema in just under two minutes, ready for cold lattes and shakeratos.

AVAILABLE FINISHES

Brushed Stainless Steel

SES882BSS4GUK1

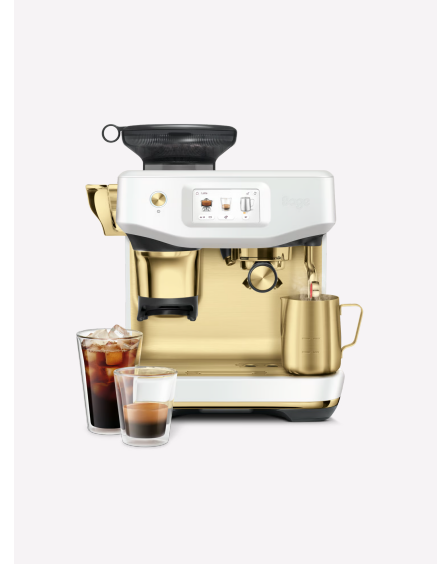

The classic specialty-bar look. Our best seller.

Black Truffle

SES882BTR4GUK1

Matte black. Disappears into a dark kitchen.

Sea Salt

SES882SSB4GUK1

Soft off-white for lighter, warmer interiors.

Guided touchscreen

The screen walks you through each stage with real-time feedback, so a good shot is repeatable rather than lucky. Swipe through the presets or save your own.

- 8 café favourite presets
- Up to 8 custom drinks
- Real-time extraction feedback
